Pro Grade Kettlebells Instructions & Guidelines

Before using Pro Grade Kettlebells

- » Always consult your doctor/physician before commencing any exercise regime. Iron Edge will not be held responsible for any injury or death that occurs while using this product.
- » Check the product for any manufacturing defects prior to use. If defects are evident, do not use the product and contact Iron Edge immediately.
- » Iron Edge recommends instruction from a certified kettlebell trainer before commencing use. View the list of instructors who have been certified through our course: <http://www.kettlebells.com.au/store/kettlebell-instructors.html>

Product care

- » Keep Pro Grade Kettlebells stored in a clean and dry environment. Exposure to the elements can cause corrosion.
- » The raw handle has an anti rust coating out of the box. This is to protect it from rust during transit. To prepare the handle for chalking, use a light sandpaper to remove the lacquer. This creates the ideal surface for applying chalk. Sandpaper can be used regularly to continually optimise the handle.
- » Avoid 'clanging' kettlebells together during workouts. This can cause the paint to mark or chip.

Lifetime Product Warranty

- » **Iron Edge Pro Grade Kettlebells are covered by a lifetime warranty for manufacturers' defects and faults.**
- » **Iron Edge will exchange/replace/refund to the customers satisfaction all manufacturers defects that affect the performance of the kettlebell.**
- » **This warranty does not include normal wear and tear such as aesthetic appearance, paint colour/condition or corrosion caused by not following the manufacturers recommended product care procedure.**

Iron Edge No BS Policy

We take our products and services seriously. It's for this reason we offer a hassle-free No BS policy with all our products. If there's ever an issue with our service or product that is outside of normal wear and tear (see our Terms & Conditions), simply let us know and we'll take care of it with a No BS attitude.
